

2017 California Anesthesiology Medical Student Symposium

Hotel and Flight Information

We have compiled some information to help guide symposium attendees in planning their travel to the Orange County area. Please email symposium coordinators if you have any questions regarding the information below.

Airports

John Wayne Airport (SNA): Extremely close to UC Irvine Campus (about 3 miles), easiest to fly into and out of.

Long Beach Airport (LGB): 22 miles away, around \$30 for uber/taxi, usually not too busy, relatively easy to fly into and out of.

LAX: 42 miles away, or about an hour's drive, depending on traffic. Uber to and from UCI runs anywhere from \$50-80, depending on the time of day; easy to share if you plan on arriving with a group. Taxi is similar/possibly more expensive. Super Shuttle or other shuttle services are cheaper options. LAX usually has the most flight options

* There is no good public transportation to/from the airports in Orange County, Long Beach, or LAX. The best bet is uber/lyft, taxi, or a shuttle service.

Hotels

All hotels listed below are less than 5 miles from UCI and in close proximity to the John Wayne Airport. Most hotels offer a shuttle to/from the airport. These are not the only hotels in the general vicinity, simply the closest and reasonably priced for that area. This information is intended as a guide to planning. Feel free to look for additional hotels if the ones below do not meet your requirements.

Airbnb is another good option, whether coming as an individual student or in a group. Prices depend on what you are looking to get (private room vs. full apartment or house), but looking 2 months in advance, some of the nightly prices are similar to hotel prices.

Hotel	Rate/Night*
Travelodge Orange County Airport	\$84
Extended Stay America Orange County John Wayne Airport	\$99
Hilton Irvine Orange County Airport	\$107
Courtyard by Marriott John Wayne Airport/Orange County	\$119
