2014 California Anesthesia Medical Student Symposium

“Understanding the Future of Anesthesiology”

September 27, 2014 | 7:30AM-4:30PM

This one day event will be an exciting opportunity for medical students to experience and better understand the future of this exciting specialty. Lecture and workshop topics are expected to include Perioperative Surgical Home, Ultrasound in the OR, CRNA's expanding role, Simulation, and Increasing Automation. Once again the symposium will also feature a residency fair with all of the top California Residency Programs represented.

LOCATION:

University of California, Irvine
Medical Education Building
